

QUALITY POLICY

As an industry-leading manufacturer of fabricated and cast fifth wheels for the Commercial Vehicle Market, MHT Europe will produce a high quality and safe product by consistent application of a system based on all applicable requirements including ISO 9001:2015, ISO/TS 16949:2009, industry and customer standards.

Our goal is total customer satisfaction by providing:

- Excellence in our Service
- Reliability in our products
- Value for Money

This is accomplished by continual improvement in all of our business systems.

MHT Europe ensures that all employees are aware of the company wide objectives and that these targets are reviewed on a regular basis to determine their progress.
